Black Hills Area
Habitat
for Humanity®

♥ *A special Valentine's evening of building* ♥
Homes, Communities, Hope through Giving

You will have the opportunity to 'partner' with Habitat in the building of a complete home by helping to fund the various components of this home, e.g. foundation, roofing, siding, windows, plumbing, etc. We'll have a little fun with this, with Habitat supporters partnering to fund these home product categories at the Valentine's Gala, or in advance if you are unable to make it to this special evening. Please know that you may choose to fund a product category as a whole, or help to whatever degree works for you with others. For example, windows have a cost allocation of \$2,500, but as a Habitat community we may elect to have 10 folks commit to a window, each providing further opportunities to come alongside our goal of funding one home in its entirety at a "base cost" of \$100,000. *We really appreciate you!*

Home Product Categories

Foundation and Driveway	\$7,500	Interior Doors	\$1,500
